

Interactive Digital Art and Design SE608

Weekly Meeting Log

Week Starting:	21 st September – 27 th September 2026			
Meeting Details	START TIME	5:07	END TIME	5:17
Student Name:	Liam Treacy			

Description of work completed since previous meeting
Notes : Also record project backlog, use notes page as required
Last Friday I submitted my proposal, the game is Hank's Odyssey. I was assigned Muhammad Umair as my supervisor. We had a meeting where I was told I should define my project more clearly and be more realistic with scope. I went home and made revision to my proposal and also sent Muhammad a version where he asked for changes to be highlighted, I sent him the email on Friday morning.

Tasks to be completed this week	
Notes: record any additional tasks on notes page as required.	
1	Define scope (I cut back from 5 levels to 3) (complete)
2	Investigate UPBGE (I had originally proposed working in Unity, however I made the change to UPBGE, a python-based Blender Game Engine) (complete)
3	Create a revised proposal and submit to Github (complete)
4	Make Github Private (complete)
5	Add supervisor as collaborator (not done, need to get GitHub details)
6
