Description of work completed since previous meeting Notes : Also record project backlog, use notes page as required
This week I met with Muhammed on Wednesday and showed him what I had made so far. It was a tech demo in Unity, I had made the switch as UPBGE was proving to be far too much of a challenge to work with. The demo was later completed when I added an enemy who can be jumped on and the player gains score. I also completed a story brief to give my supervisor an idea of the story of my game. I also added Muhammed as a collaborator on GitHub

Tasks to be completed this week **Notes: record any additional tasks on notes page as required.**	
1	Complete the Technical PoC
2	Complete the story brief
3	Add Muhammed as a collaborator on GitHub
